

## Investment Opportunity Identification Battery Second Life Market

### Quick overview

Our client, an oil gas player, wanted to explore investment opportunities available in battery second life and battery swapping market .

### Client success

The support and insights FutureBridge delivered helped our client in understanding market for battery second life and potential partners for acquisition. Our analysis answered several of our client's critical business questions including:

With the growth in EVs, the market for second life battery and battery swapping will see an upward momentum.

How can an energy player enter in battery second life and battery swapping market?

- What are the key processes in the battery recycling and battery reuse market?
- Who are the major service providers and what are the type of solutions being offered?

FutureBridge conducted extensive primary and secondary research to map the key processes in the battery recycling and battery second life market, the key players in the ecosystem , their products, solutions and company financials. Our research included:

- Re – X options: Recycling vs Second life (Reuse and Remanufacturing)
- Key geographies for the market and regulatory policies governing the use of these batteries
- Total addressable market for second life battery and projections (2018-2025)
- Key players in the ecosystem - Established players and Innovative start-ups.

FutureBridge further identified the battery second life market opportunity, key geographies and solution providers, and the impact of circular economy of EV batteries.

Also, FutureBridge provided a long list of start up companies, as potential partners for acquisition, who are providing integrated solutions, their USP, revenues and funding received till date.

### About FutureBridge

FutureBridge tracks from 1 to 25 years, how industries and sectors will evolve, develop, and innovate.

We keep your business ahead of the technology curve. Propel your growth, identify new opportunities, markets, and business models. We can answer your key strategic questions. Facilitate focused, tailored solutions and partnerships using our platforms and programs, with access to global information ecosystems and key industry players for their insights and expertise.
